

SUMMER HOLIDAY HOMEWORK: CLASS - III

THEME: SDG- 15 LIFE ON LAND

Dear Parents,

As we approach the summer break, it is time for the students to engage in various activities and try to reach their potential, to soar above and beyond. Kindly encourage your children to take part in various activities, to step out of their comfort zones, and be their supportive guides. Here are a few pointers to help ensure a productive and enjoyable vacation for your child:

- **Encourage them to read dictionaries, encyclopaedias, and storybooks. It not only helps expand their imagination but also increases their curiosity towards the world as well as their vocabulary.**
- **Keep them aware of their surroundings by playing informative channels on your devices, such as news channels, and including them in discussions regarding the various national and international events.**
- **Help them learn the National Anthem, the school song, and the prayer.**
- **In today's digital world, maintaining health can be difficult. Help them stay fit through Yoga and other exercises (Daily warm-up exercise at home, 100 mtr run practice) as it helps maintain good physical and mental health.**

ENGLISH-1. Read any value based story from this link- https://diksha.gov.in/play/collection/do_31321952161600307211993?referrer=utm_source%3Dmobile%26utm_campaign%3Dshare_content&contentId=do_31321903556185292812905

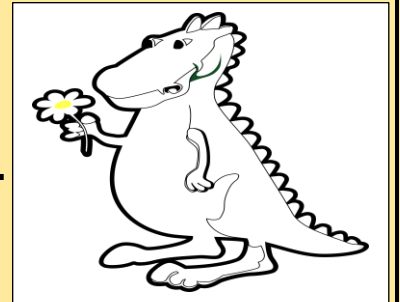

Make cover page for your story and write its summary and value on an A4 sheet. Show your creativity in designing your cover page. (Please note: The link will also be shared on the respective class groups for reference by the class teacher).
