SUMMER HOLIDAYS' HOMEWORK CLASS -I (2026)

THEME - 🌍 SDG Goal 6: Clean Water and Sanitation

Dear Parents,

We wish you a joyful and refreshing summer break! This is a wonderful time for children to gently explore the importance of clean water and good hygiene. Small habits like turning off taps, saving water, washing hands regularly, and keeping surroundings clean can make a big difference.

Encourage your child to express these ideas through simple drawing and creative activities. Together, let us nurture thoughtful and responsible young learners who care for their environment.

Happy Holidays! 💧 ✨
